

Triple K Gelbvieh

“We’re in the Beef Business”

Triple K Gelbvieh is a seedstock producer who recognizes that the *consumer* is our ultimate customer.

As a seedstock producer we are responsible for the genetic trends up the food chain. Decisions we make in genetics affect the entire beef industry. As Gelbvieh breeders we are focused on the genetics that will ultimately satisfy the consumer.

Congratulations to Cole Buffo on a successful show season with KKKG Spitfire!
